F-17 DX

Intuitive & reliable

F-17 DX Horizontal Form-Fill-Seal (HFFS) machine for flat pouches

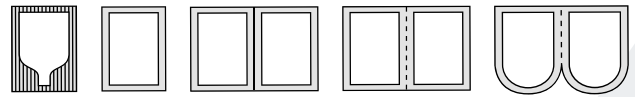

Operating from a single reel of flexible packaging material, forming the pouch, filling it with product and sealing. This **compact** solution ensures **low operating and maintenance costs** and like all Enflex machines is ready to work with **100% recyclable materials**.

The Enflex F Series is tailored specifically for the Healthcare and Personal Care industries.

- 1 Unwinding and folding
- 2 Forming and cutting
- 3 Opening, filling and sealing

Pouch models

Designed for flexibility

The F-17 can handle **simplex or duplex** operation, with the possibility to install two dosing systems.

User-friendly

With an **intuitive HMI** and **numeric counters** for easy size change, this solution can be easily operated by personnel of any skill level.

Adaptable to different needs

According to your production needs, the solution can accommodate **additional equipment** such as cameras, printers or labelers.

	Simplex	Duplex
Min pouch size, WxH	50x70 mm	50x70 mm
Max pouch size, WxH	190x225 mm	90x225 mm
Max pouch volume	500 c.c.	90 c.c.
Max output	90 ppm	180 ppm
Type of material	Heatsealable	
Max reel width	450 mm	
Max reel diameter	500 mm	
Core reel diameter	70-75 mm	
Electrical data	200-480 V 50,60 Hz 3Ph+G
